Our Master of Ceremony **Gray N. Thornton, Emcee**

Gray N. Thornton serves as President and Chief Executive Officer of the Wild Sheep Foundation (WSF), the premier sheep and mountain game conservation organization in the world dedicated to “Putting and Keeping Wild Sheep on the Mountain®.”

Prior to joining the Wild Sheep Foundation in 2008, Thornton served as Executive Director of the Dallas Safari Club from 1997-2008 and Chapter & Membership Director for Safari Club International from 1990 - 1997 producing record results for membership growth, fundraising and mission funding for both organizations. Thornton followed his passion to the conservation/hunting industry after a successful sales career with Unisys and Xerox corporations.

It was at his time with DSC that he became a supporter and advocate for MOGA and the industry it serves. With the relocation of the WSF offices to Bozeman, that relationship grew to include the Big Hearts under the Big Sky program. Gray knows first-hand the therapeutic value that Montana outdoor adventures can bring, and he understands that “Montana Heals.”

Thornton serves on the Board of Directors of Bear Trust International, serving as Vice-Chairman of Board. He has also served on the Boards of the Conservation Fund, the Professional Hunters Association of South Africa Conservation and Empowerment Fund, the Ballot Issues Coalition, the Banovich Wildscape Fund, and the Lone Star Outdoor News Foundation.

He is a Summit Life Member of WSF, a Chadwick Ram Society Member, a WSF Legacy Society Member, and a Life Member of numerous WSF chapters and affiliates. Thornton is also a Life Member of SCI, NRA, DSC, TU, a Monarch Life Member of Wild Sheep Society of BC, and a Life Member of many guide/outfitter associations.

He is an avid hunter as well as salt and freshwater fly fisherman and has hunted and fly fished throughout North America and internationally, including 17 safaris to Africa, and has hunted in New Zealand, Germany, Mexico and Canada. As a mountain hunter, he has taken all Four North American Wild Sheep (FNAWS), a Rocky Mountain goat as well as tahr and chamois.

He received a Bachelor of Science degree in Management and Marketing from California State University at Fresno and has earned advanced credits in Wildlife Management from Colorado State University at Fort Collins.

Thornton resides in Bozeman, Montana with his Weimaraner Sage and Vizsla, Sienna.

Big Hearts Family Meet and Greet

Sponsored by: Bloomquist Law Firm

As an addition to this very special evening, we have added our *Big Hearts Family Meet and Greet*. We hope you took the opportunity to meet some of the people who have been served by the Big Hearts program and hear first-hand about the benefits these dream trips provide. The intangibles of the program are the hardest to measure, but the anecdotal evidence is abundantly clear.

The Mission of Big Hearts under the Big Sky is to provide high quality, outdoor adventures with MOGA Montana Outfitters, at NO COST to carefully screened nominees.

Benefits of the Big Hearts program extend far beyond the harvest or catch; spirits are healed, capabilities and confidence grow, a sense of purpose is rediscovered, and families are restored.

THANK YOU SPONSORS!

LIVE AUCTION

We have carefully gathered a collection of high-quality and unique items for tonight's live auction. The live auction is an important part of tonight's fundraiser. Thank you for your active participation and remember that all profits will help continue the Mission of the *Big Hearts under the Big Sky* program.

1) One Case of Amavi Cellars Syrah (2015 Vintage)

The 2015 growing season was the latest in a trend of being the warmest on record for our valley. The last week of June had the highest temperatures we've seen! The record-breaking heat gave way to cooler days and nights around veraison, allowing the fruit to develop perfectly. The last week of August brought harvest: our earliest ever. Wines of this vintage are richly structured, showcasing ripe fruit and floral characteristics.

WINEMAKER NOTES

4) Montana Elk

This 43" x 32" signed, framed print is from a highly talented Montana Artist, Gordon Snyder. The original was done in 2018 using tattoo inkdot methodology. A close look reveals the entire print is a composite of thousands and thousands of small ink dots that create contrast and image. This highly-technical piece contains landscapes and images some may recognize from across Montana and hold special memories for him; the cabin from the South Boulder, the mountains from the Gallatin and many more. The background in this picture has over 620 hours in it. It is done one dot at a time. An unusual and beautiful piece.

About the Artist: Gordon Snyder is a Montana native born in Butte and raised in the Bozeman area. He is an avid outdoorsman. He spends time shed-horn hunting, hunting, fishing and he was a guide for a number of years. His art consists of carving, pen and ink, painting and tattooing. This is not the largest project that he has created but it is the most time spent on any one piece.

Donated by Rafferty Fish Bait, James and Darla Oakes

7) Big Hearts Bowie by Dave Tobel

For over a decade, knifemaker Dave Tobel has created Sheffield style Bowie knives for the Big Hearts program. This year's offering features a traditional Trade-style knife.

This early American design was typical of the 1750s and was used by Frontiersman and soldiers of the period starting in the French and Indian War and through the American Revolutionary war. Fighters on all sides carried this important war-time tool.

A truly one-of-a-kind handcrafted American Bowie knife is made from ¼" 0-1 Tool Steel and fitted with a beautiful Birdseye maple and bloodwood handle. Decorative cuts and mosaic pins are unique to this build. At 9 ½ inches in length, this American Bowie would be considered small for the era as most had blades of the 12" to 14" range.

A very special item donated by a very exceptional man.

Donated by Dave Tobel, knife maker
